## Why TTR works for you

### Save Time and Money

Our webshop is the place to go for real-time availability information and product filters to search brands like Zebra®, Honeywell®, Sato®, Videojet®, Rohm®, Valentin®, TSC-Printronix® and many others. With your personal reseller login you can access your own pricing and orderhistory.

Register in the TTR webshop

### Exclusive discount vouchers

Collect points automatically with every printhead and printer purchase. It's free and automatic. At the end of every quarter, you receive an exclusive discount voucher code by email. You can use this code for exclusive discounts on 4U ribbons and cleaning products.

Sign up for Rewards 4U program

### Volume orders are rewarded

Use our Pallet Deal Menu to pick & choose any of the standard 4U ribbon qualities and sizes. Enter a total of 120 boxes in the menu. You're now guaranteed to get the lowest prices per roll and box, delivered right to your door anywhere in the EU or UK. Let us know your company name, email and country. After a quick validation, we'll send you a copy of the Pallet Deal Menu by email.

# Why TTR works for you

## 4U Brand Promise

House brands in supermarkets are growing fast, and for a good reason. People want the same quality products at a lower price. In the B2B thermal printing market it's no different. As soon as people have tried – and liked – a private label brand, they're not likely to go back to a more expensive brand.

## Neutral shipments & custom branding service

If you prefer to ship the ribbons, labels, or cleaning products in neutral packaging, we're happy to support your requirements. We can even put your own logo and contact details on the outer packages. Get in touch with us to see how we can support you in your region.
