

WR4U

451 NE

NEAR EDGE

WR4U 451NE is a wax/resin ribbon, specifically designed for use within the food packaging industry. It provides an image that has a good smudge and scratch resistance, and can be printed at speeds of up to 32 ips.

Characteristics

- ✓ **High smudge resistance**
- ✓ **High scratch resistance**
- ✓ **High UV resistance**

Substrates

Papers:

Coated, glossy

Synthetics:

Synthetic paper, PET, PP, Nylon

Technical specifications

Carrier	4.5µm Polyester film
Thickness	< 7.0 µm
Color	Black
	<i>Anti-static formulation ink</i>
Back coat	Silicone based
Ink melting point	65°C /149°F

Applications

Barcodes

Flexible packaging
