FLATHEAD

RT4U930 is designed for printing care labels; Nylon taffeta, Polyester satin, Polyester taffeta, and Acetate satin. With its improved sensitivity, it produces high quality prints at lower energy levels which in turn preserves the printhead. It offers excellent resistance to washing, dry cleaning, chemicals and heat. Prints have a high resistance to scratching and smudging.

— Characteristics

- ✓ **Print on fabrics**
- ✓ **High quality prints**
- ✓ **Excellent resistance to washing, heat, dry cleaning and chemicals**

— Substrates

Fabrics Satins
Coated Textile
Coated paper
Synthetic
Films Plastic

— Technical specifications

Ink type	Resin textile
Color	Black
Ink melting point	80–86°C (176–187°F)

Storage

Out of direct sunlight, storage between temperatures of 5°C to 35°C (41 to 95°F) in dry conditions

— Applications

Textile
Manufacturing
Horticulture
