

W4U

120

by TTR Euroworks

FLATHEAD

High quality wax ribbon for a wide range of applications. W4U120 prints durable images on a variety of substrates like coated and uncoated paper, synthetics, and UV-varnished labels. This resin-enhanced wax produces high quality, dark, dense images and offers one of the highest smudge and scratch resistance in its class. It prints at a maximum speed of 300 mm/s (12 IPS).

— Characteristics

- ✓ **Highest smudge and scratch resistance in its range**
- ✓ **Super edge definition for dark, dense images**
- ✓ **Prints on many substrates**
- ✓ **Prints at high speed delivering sharp rotated barcodes**

— Substrates

Uncoated paper
Coated paper
Synthetic paper
UV-varnished labels

— Technical specifications

| | |
|----------------------------|-------------------|
| PET film thickness | 4.5 µm |
| Color | Black |
| Maximum print speed | 300 mm/s (12 ips) |
| Ink melting point | 73°C (165°F) |

Storage

Out of direct sunlight, storage between temperatures of 5°C to 35°C (41 to 95°F) in dry conditions
