

R4U600NE

Near-edge

High-quality resin that produces durable images and barcodes. Prints have a high resistance to scratching and heat.

R4U 600NE offers a great combination of speed and performance. It can be used for a wide range of applications and printers.

Characteristics

- + Excellent scratch resistance
- + Heat, steam and chemical resistance
- + Versatility for wide range of applications

Substrates

- Coated paper
- Uncoated paper
- Synthetic paper
- PET / polyester
- Polypropylene (PP)
- Polyethylene (PE)

Applications

- Flexible packaging
- Healthcare
- Parts packaging
- Pharmaceutical
- Fresh fruit / produce
- Electrical
- Logistics

Storage: Out of direct sunlight. Storage between temperatures of 5 °C to 35 °C (41 to 95°F) in dry conditions.

Technical specifications

Carrier	4.5µm
Color	Black
Ink melting point	80°C (176°F)
